Community College President*

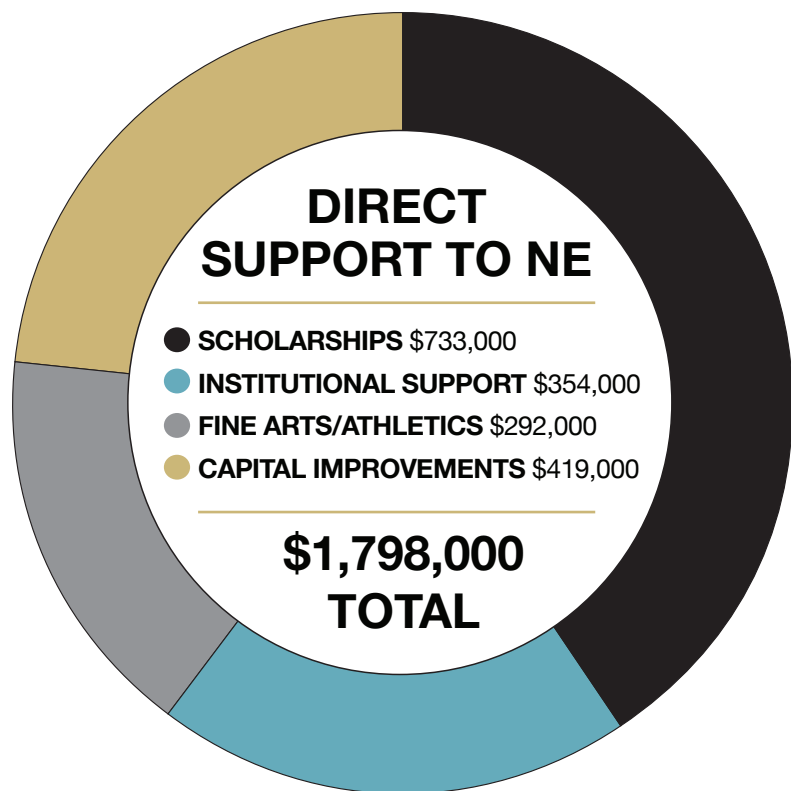

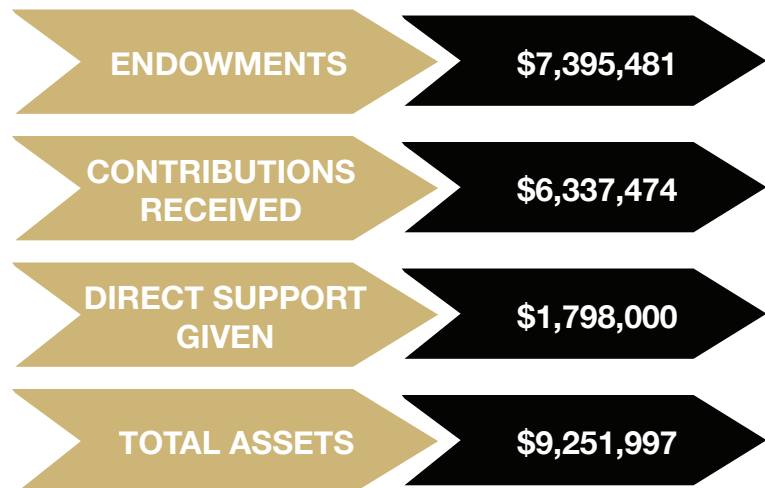

D. Patrick Eaton, MBA, CFRE

*VP of Institutional Advancement/
Executive Director of the Development
Foundation & Alumni Association*

This report includes many impressive statistics on the Foundation's growth, as well as analysis of how these activities have occurred. More important, the following pages illustrate the growing need for all Northeast Mississippi Community College and how donors, alums, and businesses are working with us to meet that need. While the information told here accounts for only a small portion of Northeast's large impact in providing higher educational opportunities in Northeast Mississippi; all can take great pride in the achievements highlighted in this report.

FISCAL YEAR 2022 AT A GLANCE

The Northeast Mississippi Community College Development Foundation, Inc. annually engages the services of an independent accounting firm to perform an audit of the Foundation's financial statements. As part of the audit, the firm also reviews the internal controls and various policies and procedures to ensure the Foundation staff is adhering to the most current accounting practices. Eaton Inducted into **MARQUIS Who'sWho®**

EATON EXCELS IN HIGHER EDUCATION AS THE VP FOR INSTITUTIONAL ADVANCEMENT

D. Patrick Eaton, MBA, CFRE, has been inducted into Marquis Who's Who. As in all Marquis Who's Who biographical volumes, individuals profiled are selected on the basis of current reference value. Factors such as position, noteworthy accomplishments, visibility, and prominence in a field are all taken into account during the selection process.

An accomplished higher education professional of more than two decades, Mr. Eaton joined Northeast Mississippi Community College (NEMCC) in 2000 as the vice president of institutional advancement and the executive director of the Development Foundation and Alumni Association.

Among a myriad of responsibilities, Mr. Eaton develops programs and projects that enhance the image of the college through its foundation. He also strives to build strong relationships with various organizations, foundations, and individuals interested in providing scholarships and other programs to support NEMCC. Looking toward the future, Mr. Eaton aims to continue serving as an asset in his role, providing his insight and expertise to ensure that the institution remains strong. During his tenure his efforts, along with those of others, the NEMCC Development Foundation has been able to provide over \$25 million in funds to support the college with various building projects and scholarships for students.

Utilizing his extensive background as a former nonprofit executive, Mr. Eaton notably served as the executive director of the Boonville Area Chamber of Commerce from 1996 to 2000 where he was instrumental in directing economic and community development. He also found success renovating a train depot and was

transformed into an office and museum space. Mr. Eaton notably wrote and secured several grants to aid in the facility's enhancements, acquire staff members, and built very strong volunteer base.

As a dedicated civil advocate, Mr. Eaton is presently serving on the board of directors and Vice President of the MS Community College Advancement and Alumni Association. He is also currently serving on the Boy and Girl Club corporate Board of Directors, and he is the Treasurer. Mr. Eaton has recently been nominated to serve as a charter Board member on a new community initiative named PROPEL (Prentiss Realizing Opportunities for Prosperity, Excellence and

Leadership). This newly established Endowment Fund will allow Prentiss County residents to ask for a grant award for various community development needs.

Mr. Eaton graduated from Mississippi State University with a Bachelor of Business Administration in business, management, marketing, and related support services. He subsequently studied at Columbia Southern University where he received a Master of Business Administration. Mr. Eaton is a current certified fundraising executive.

Eaton credits his faith, which comes first in his life, and his family for contributions to his professional success.

D. PATRICK EATON RECERTIFIED AS A CERTIFIED FUND RAISING EXECUTIVE (CFRE)

CFRE International is proud to announce Patrick Eaton has recertified as a Certified Fund Raising Executive (CFRE). Patrick Eaton, Vice President of Institutional Advancement and Executive Director of Northeast MS Community College Development Foundation & Alumni Association, is one of over 7,700 professionals around the world who hold the CFRE designation. Patrick has held the CFRE certification since 2017.

Individuals granted the CFRE credential have met a series of standards set by CFRE International which include tenure in the profession, education, and demonstrated fundraising achievement. They have also passed a rigorous exam testing the knowledge, skills, and abilities required of a fundraising executive, and have agreed to uphold Accountability Standards and the Donor Bill of Rights.

“The CFRE credential was created to identify for the public and employers those individuals who possess the knowledge, skills, and commitment to perform fundraising duties in an effective and ethical manner,” states CFRE International President and CEO Eva E. Aldrich, Ph.D., CAE, (CFRE 2001-2016). “As the certification is a voluntary achievement, the CFRE certification demonstrates a high level of commitment on the part of <username> to the fundraising profession and the donors who are served”

CFRE recipients are awarded certification for a three-year period. To maintain certification status, certificants must demonstrate on-going fundraising employment and fundraising results and continue with their professional education. Employers and donors who work with CFREs know they are getting a professional who is committed to the best outcomes for their organization and has the requisite knowledge and skills.

The CFRE certification signifies a confident, ethical fundraising professional.

Since 1981, CFRE has set standards for fundraising professionals. As the only globally-recognized fundraising certification, CFRE indicates professionalism, confidence, and ethics. It is how today's fundraiser shows accountability, service, and commitment to making a difference for good. The CFRE certification program is accredited by the ANSI National Accreditation Board (ANAB) and is the only accredited certification for fundraising professionals.

CFRE International congratulates, Patrick Eaton, for recertifying and continually upholding the key principles of the CFRE designation.

For more information please visit www.cfre.org or call +1 703.820.5555.

The Northeast Mississippi Community College athletic department brought back two of its longtime offerings that have produced several successful champions in the past. Northeast reinstated its men's and women's tennis programs following a four-year layoff. The Lady Tigers and Tigers officially returned to head-to-head competition during the 2021-22 academic year.

Northeast has four tennis courts on campus nestled between the Haney Union, Ramsey Hall and the aquatics center. They are the only courts available for use in the entire county. Local high schools such as Booneville and New Site utilize these courts for their practices and "home" matches.

We are excited about the "Game.Set.Match." Tennis Complex Capital Gifts Campaign. This beautiful complex will be built just west of Tiger Stadium and have 8 courts and 4 seating pavilions. Would you consider making a gift to this campaign? No gift is too large or too small.

As we have in past Capital Giving Campaigns, we need you, our alumni, donors, and community friends, to step onto the court and come together to help us reach this milestone. We need your support in building this superior complex which has a total cost of \$2 million. Please review the campaign information and "Game. Set. Match." your contribution today!

If you have any questions or concerns, please feel free to contact the Northeast Development Foundation at (662) 720-7165 or dpeaton@nemcc.edu.

2022 SPORTS HALL OF FAME INDUCTEES

Tim Cole

(MEN'S BASKETBALL, 1996-98)

Tim Cole will forever be known as one of the most prolific scorers in the Tigers' tradition-rich history. He still holds the program record for most points in a single game with 64 against Pearl River Community College in the 1997 region tournament.

That game set the stage for what turned out to be a brilliant sophomore campaign for Cole. He averaged 28.4 points, which was third best in the entire country, under the direction of head coach Mike Lewis.

He earned NJCAA All-American distinction after recording more than 30 points in 15 games. Cole also received NJCAA All-Region 23 and All-MACCC first-team honors after his last year at Northeast.

Cole reached double figures in 55 of his 57 appearances with the Tigers. His career averages at Northeast include 27.1 points, 6.9 rebounds, 4.3 steals and 2.2 assists along with a 46.7 field goal percentage.

The 827 points that Cole scored as a sophomore are the fourth most in a season in school history. He also owns the second and third most three-point makes at Northeast with 91 in his final campaign and 75 as a newcomer.

Robert Gordon

(BASEBALL, 1992-93)

Robert Gordon continued what became a playing and coaching career in the sport of baseball that spanned more than 35 years as a student-athlete at Northeast Mississippi Community College in the early 1990s.

The Tigers got hot and so did Gordon down the home stretch of the 1992 season. Northeast captured its final eight regular season games to secure its first then-MACJC North Division crown in over two decades.

The New Albany native was one of the Tigers' top performers as a freshman with a .306 batting average, four triples and 16 RBIs. However, Gordon's productivity increased even more during his final campaign at Northeast.

Gordon, who was the only returning position player in 1993, led the Tigers in most every major offensive statistical category. He had a .344 batting average with nine doubles, three home runs and 32 RBIs.

He added five triples, which is still tied for the second most in a single season at Northeast. Gordon was recognized by head coach Ray Scott with the team MVP, best batting average and the Tiger awards.

Gordon obtained NJCAA All-Region 23 distinction as a sophomore and was a two-time all-conference recipient. He completed his on-field career by earning NAIA All-American honors at Union (Tenn.) University.

Lisa Jansen

(SOFTBALL, 2007-2008)

Lisa Jansen is one of several international standouts that helped the Northeast Mississippi Community College softball program develop a solid foundation during its first decade after the switch from slowpitch to fastpitch competition.

She obtained first-team all-conference distinction as a freshman with a 10-8 mark in the circle. Jansen had a team-best 122 strikeouts in 113.2 innings of work with a 4.37 earned run average (ERA).

Jansen's numbers improved significantly during her second campaign at Northeast.

The 196 strikeouts that she threw that year still stands as the second most punch outs in a single season in program history.

She went 13-6 in 29 appearances during the Tigers' run to the 2008 MACJC North Division championship. Jansen received NJCAA All-Region 23 and all-conference honors for her role in Northeast's seventh all-time divisional title.

Her 318 strikeouts are the second most ever over a career at Northeast. Jansen's other cumulative statistics while with the Tigers include a 23-14 record, 241.1 innings and a 3.66 ERA in 62 outings.

Jansen continued her playing career at Mississippi Valley State University. She also represented her home country of Germany on its national team during the 2009 European Championships in Valencia, Spain.
