

Northeast Mississippi Community College
Missing Student Notification Contact

As a dormitory student you have the option to identify an individual that the institution can contact within 24 hours after the time you are determined to be missing. This contact information will be confidential and will only be used if it is determined that you have been missing for more than 24 hours.

If you are under 18 years of age and not emancipated, the institution must notify a custodial parent or guardian within 24 hours after the time you have been determined to be missing. If campus security has been notified and makes the determination that you are the subject of a missing persons report and determines that you have been missing for more than 24 hours and have not returned to campus, Northeast must notify the emergency contact that you designate.

In the event that I am determined to be missing for more than 24 hours, please contact the following individuals:
