The Board of Trustees of the Northeast Mississippi Community College District is established by law as "the general government of the community college and directive of the administration thereof."

Statutory

LEGAL REF.: 37-29-67

COLLEGE DISTRICT LEGAL STATUS

Northeast Mississippi Community College District was established and operates under Title 37, Chapter 29, Section 31, of the School Laws of the State of Mississippi, Mississippi Code of 1972.

While governed by a local Board of Trustees, it is subject to the policies of the State Community College Board, which, by law, has been established to administer regulations on the establishment and operation of junior/community college districts in the state.

The law establishes the Northeast Mississippi Community College District as being composed of the Counties of Alcorn, Prentiss, Tippah, Tishomingo, and Union.

The Northeast Mississippi Community College District operates the Northeast at New Albany and Northeast at Corinth centers and the campus at Booneville.

Statutory

LEGAL REFS.: 37-29-1 et. seq. MISSISSIPPI CODE OF 1972 CHPT. 29.

HISTORY OF NORTHEAST

The district junior colleges in Mississippi grew out of county agricultural high schools. In 1924 the Legislature first approved post-high school courses, and by 1928, ten of the high schools were offering some kind of college program. The interest in many of the other schools in adding college classes led to the first junior college law, which provided that a separate school district or an agricultural high school meeting certain criteria might establish a junior college.

The law also provided that school districts and county agricultural high schools might unite with other school districts or other counties in the establishment of junior colleges.

The Northeast Mississippi Junior College was incorporated in Prentiss County in 1941, but the construction program was delayed until the end of World War II. Upon completion of the original plant, the College was opened to students in September 1948, as an agricultural high school and junior college comprising Alcorn, Prentiss, Tippah, Tishomingo, and Union counties. The following year, the name was changed to reflect junior college status only. Since that time, the institution has expanded its offerings in curriculum and physical facilities.

On August 1, 1987, The Northeast Mississippi Junior College officially became Northeast Mississippi Community College, by action of the State Board of Trustees for Community and Junior Colleges. Northeast's Board of Trustees first approved the name change at their regular May 1987 meeting and reaffirmed the decision at the July 1987, meeting. The action was taken to use the community college name to reflect the comprehensive curricula and community based nature of the institution. Northeast Mississippi Community College is located in the northeastern part of Mississippi, approximately 190 miles north of Jackson and 100 miles southeast of Memphis, Tennessee. The school has an elevation of 530 feet above sea level. The climate is moderate both summer and winter.

The College is easily accessible by automobile over U. S. Highway 45 (Veterans Memorial Highway) -- N & S; and, State Highways 4 and 30.

The Board of Trustees empowered the college to grant the degrees of Associate of Arts in 1948 and the Associate of Science in Nursing in 1957. Effective 1977-78, the college began awarding the Associate of Applied Science Degree.

In keeping with the philosophy of Northeast, a Department of Career and Technical Education was developed in the fall of 1965 to provide educational opportunities for persons to qualify for employment in various career and technical areas.

A comprehensive evening program is also offered on campus and in off-campus locations. Night classes are taught in core academic subjects and in select areas of Career and Technical Education. The institution serves thousands of persons each year through start-up training programs and industrial training courses provided for local industries. In 1994, a Skill/Tech Center was established on the Northeast campus in conjunction with Mississippi's program of work- force education and training through one- stop career centers at the community colleges. Created by the

Workforce Education Act of 1994, Skill/Tech is a regionally based system for education and training, which responds to the needs of the workforce and employers.

In the Fall of 2000, the college began offering classes via internet through the Mississippi Virtual Community College. (MSVCC) This is a consortium of 15 colleges who share instructional resources to students throughout the State. In 2002 MSVCC and each of its members received accreditation from the Southern Association of Colleges and Schools (SACS). This action cleared the way for students to earn an Associate degree through on-line instruction.

In August 2003, the Board of Trustees approved a plan to begin developing Northeast at Corinth and Northeast at New Albany into instructional centers. Northeast at Corinth was the first to open on a limited basis in August 2006.

Phase I construction saw the completion of a comprehensive WIN Job Center with limited class offerings. Northeast at New Albany was developed as a WIN Job Center with limited course offerings until July 2006. The College notified the Southern Association of Colleges and Schools Commission on Colleges that it was ready to fully develop the New Albany site into a comprehensive instructional site. In February 2007, SACSCOC representatives visited the site and approved the center without recommendation. Phase II construction at Northeast at Corinth was completed in January 2009. The expansion includes additional classrooms, a science laboratory, a library, office space, and a student lounge area. In September 2009, SACSCOC representatives visited the Corinth site and approved, without recommendation, the substantive change proposal submitted by Northeast, thereby recognizing Northeast at Corinth as an approved off- campus instructional site. Northeast was reaccredited by SACSCOC for a 10-year period at their June 2010 meeting. In the summer of 2011 the college was notified that the period of accreditation had been extended for one additional year to accommodate the reassignment of schools to the SACSCOC staff. In 2016, Northeast at Iuka was added as an approved teaching location.

In January 2017, SACSCOC received our 5-year Interim Report with zero (0) recommendations for requirement for further information.

State law requires that the Board of Trustees appoint a President, who will be executive head of the College.

Statutory

LEGAL REF.: 37-29-6

CONTINUATION OF EXECUTIVE LEADERSHIP

The College has an interest in continued Executive decision making regardless of the health of the President. This procedure is established to ensure that executive leadership is provided during periods of personal health crisis of the President. At any time the President is unable to perform the duties of the office due to extended personal illness, the Executive Vice-President will convene a meeting of the Cabinet to assess the health status of the President. The Cabinet is empowered to determine if the President is sufficiently impaired for an extended period of time so as to limit the President's decision making ability. Circumstances necessary to justify this decision include extended unconsciousness for three or more consecutive days, or the inability of the President to communicate his/her decisions to the Executive Vice-President for an extended period. Upon making the determination that the President is seriously incapacitated, the Cabinet will vote to communicate their findings to the officers of the Board of Trustees. The Executive Vice-President will communicate the findings of the Cabinet via phone and registered letter. The Executive Vice-President will perform the duties of President until the President's capability is restored or until the Board of Trustees acts to assign someone else.

The Officers of the Board of Trustees will review the health status of the President to determine an extended course of action. The Officers of the Board may delegate the duties of the President to an existing administrator when the interruption is expected to be short-term. LEAVE TRANSFER PROGRAM

Effective January 1, 1993, Northeast Mississippi Community College's Leave Transfer Program permits Northeast employees to donate accrued leave for the use of other Northeast employees for certain medical or family emergency or other hardship situations.

ELIGIBILITY

Any Northeast employee who has been affected by a personal emergency may make application to the Leave Transfer Committee to become a leave recipient after all his/her accrued time has been used. If an employee is not able to make application on his/her behalf, the immediate supervisor may make application on behalf of the potential leave recipient.

DEFINITION

A personal emergency is defined as a medical or family emergency or other hardship situation that is likely to require an employee's absence from duty for a prolonged period of time and to result in a substantial loss of income the employee because of the unavailability of paid leave. For the purpose of this procedure, an absence from duty without available paid leave that is expected to be at least ten working days is deemed likely to result in substantial loss of income.

LIMITATIONS

- When the personal emergency affecting a leave recipient terminates, the employee or his/her immediate supervisor should promptly notify the Human Resources Office. Once the personal emergency ends, no more transfers of leave can be made. The recipient can retain no leave in excess of the time used for the personal emergency. Leave will be credited on a first donated basis. Any donated time not used will be credited back to the employee(s) donating the time.
- The use of donated leave is subject to all of the conditions and requirements of the published Employee's Leave Policy.
- A maximum number of thirty (30) days can be received per single emergency; an employee can only receive donated leave two (2) times for personal emergencies during a fiscal year.
- A limit of five (5) days is placed on the amount of time that an employee can donate to another individual (per emergency). A maximum number of twelve (12) days can be donated per employee, per fiscal year.
- To request donated leave time, a Leave Transfer Request Form should be completed. This includes the employee's name, position, and a brief description of the nature, severity and anticipated duration of the personal emergency affecting the employee. To donate leave, a Leave Transfer Authorization Form should be completed.

The Human Resources Office will review all requests for donated leave time. Consideration will be given to the nature of the emergency and the past leave history of the employee. If the request is approved, the Human Resources Office will notify Northeast employees by campus mail about the recipient's request so that employees who wish to donate leave time may do so. If the potential recipient does not wish to inform all employees of the existence of a personal emergency, a memorandum will not be distributed campus-wide but donations can be accepted from those employees who are aware of the emergency.

The Leave Transfer Program is voluntary. An employee may not directly or indirectly solicit contributions of donated time or attempt to intimidate any other employee for the purpose of receiving leave days.

MILITARY LEAVE

Any employee of Northeast Mississippi Community College who is called to active military duty by the President of the United States is entitled to the following:

- a. The employee is entitled to leave of absence from his/her respective duties for periods not to exceed fifteen (15) working days, without loss of pay, time, annual leave, or sick leave when ordered to military duty. When duty is in excess of fifteen (15) working days, the employee is entitled to leave of absence without loss of time, annual leave, or sick leave, until released from duty. In addition to the fifteen-(15) days of leave time with pay, the employee is entitled to pay for acquired personal leave time.
- b. An employee called to active duty must apply for reemployment within ninety (90) days after release from active duty. Reserves and military guard ordered to initial active duty for training (IADT) of not less than twelve (12) consecutive weeks must apply for reemployment within thirty-one (31) days after release from such training. Upon release from active duty, the employee will be reemployed in the same or like position and at the same status, pay, and seniority if the employee is physically and mentally competent. Should the employee return disabled from active duty and not be qualified to perform the duties of the same or like former position, the college will offer other employment which is consistent with the employee's potential. In such case, the salary will be commensurate with the job. After reemployment, an employee may not be discharged within one (1) year without cause. An employee returning from initial active duty for training (IADT) may not be discharged within six (6) months without cause. Reemployment protection applies to individuals performing active duty for up to four years, and for five years if requested to remain on active duty for the convenience of the government. Reemployment protection is not available to an employee dishonorably discharged.
- c. An employee ordered into active duty would retain medical insurance benefits afforded by the college until the last day of the month in which the employee was activated.  1. Reduction of teaching contracts from twelve months or ten months to nine months.

SEXUAL MISCONDUCT POLICY

(Includes sexual harassment, sexual assault, sexual exploitation, stalking, dating violence, and domestic violence)

PURPOSE

In compliance with Title VI of the Civil Rights Act of 1964; Title IX, Educational Amendments of 1972 of the Higher Education Act; and Section 504 of the Rehabilitation Act of 1973, as amended, the Board of Trustees of Northeast Mississippi Community College hereby adopts a policy assuring that no one shall, on the grounds of race, sex, color, age, creed or national origin be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination in any program or activity of the college. NORTHEAST MISSISSIPPI COMMUNITY COLLEGE adheres to the principle of equal educational and employment opportunity without regard to race, sex, color, age, creed, or national origin. This policy includes the qualified disabled and extends to all programs and activities supported by the college. (Board Policy)

The purpose of this policy is to comply with Title IX of the Education Amendments of 1972 ("Title IX"), 20 U.S.C. 1681 et seq., which prohibits discrimination on the basis of sex in the course of any federally funded educational program or activity, and to provide procedures for the prompt and equitable resolution of complaints of sexual misconduct. Sexual misconduct, as defined in this policy, includes both sexual harassment and sexual violence, which are forms of sex discrimination prohibited by Title IX. This policy also covers domestic violence, dating violence, and stalking in accord with the Violence Against Women Act Amendments to the Clery Act.

Northeast Mississippi Community College has developed its policy on Sexual Misconduct in accordance with Title IX of the Education Amendments and the Violence Against Women Act to reaffirm the College's commitment to address sexual misconduct and take steps to prevent its reoccurrence and remedy its effects.

NEMCC will not tolerate and prohibits sexual assault and all forms of sexual misconduct including intimate partner violence, stalking, dating violence, sexual violence, sexual harassment, and domestic violence offenses. These acts are against Mississippi State Law.

SCOPE

The NEMCC Sexual Misconduct Policy applies to all members of the College community, including students, faculty, staff, employees, contractors, vendors, and visitors, and to all programs and activities sponsored by the College whether conducted on or off campus.

POLICY

NEMCC is committed to maintaining an environment free from sexual harassment, sexual violence, domestic violence, dating violence, and stalking. In accord with the provisions of Title IX, NEMCC prohibits discrimination on the basis of sex and/or gender, including sexual misconduct. NEMCC has an affirmative duty pursuant to Title IX to take immediate and appropriate

action once it knows, or reasonably should have known, of any act of sexual misconduct in any of its educational programs or activities. NEMCC will act on any complaint of sexual misconduct in order to resolve such complaints promptly and equitably.

NEMCC policy is intended to make students, faculty, staff, employees, contractors, vendors, and visitors aware of the various reporting and confidential disclosure options available to them – so they can make informed choices about where to turn should they become a victim of sexual violence.

While activities covered by the laws of the community and those covered by the College's policies may overlap, the community's laws and the College's policies operate independently and do not substitute for each other. The College may pursue enforcement of its own policies whether or not legal proceedings are underway and may use information from law enforcement agencies and the court to determine whether College policies have been violated.

Individuals reporting an incident regarding Sexual Misconduct and/or making inquiries concerning the application of Title IX at Northeast Mississippi Community College should consult the NEMCC Procedures Manual or the Student Handbook.

CREDIT HOUR POLICY

1. FEDERAL DEFINITION OF A CREDIT HOUR

According to federal regulations, a credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates:

- a. Not less than one hour of classroom or direct faculty instruction and a minimum of two hours out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time, or;
- b. At least an equivalent amount of work as outlined in item 1 above for other academic

activities as established by the institution including laboratory work, internships, studio work, and other academic work leading to the award of credit hours.

2. APPLICATION OF CREDIT HOUR POLICY

This credit hour policy applies to all courses that award academic credit (i.e. any course that appears on an official transcript issued by the College) regardless of the mode of delivery including, but not limited to, self-paced, online, hybrid, lecture, and laboratory. Credit hours are awarded only for work that meets the requirements outlined in this policy. Each division is responsible for ensuring this standard is met.

The expectation of contact time inside the classroom and student effort outside the classroom is the same in all formats of a course whether it be fully online, a hybrid of face-to-face contact with some content delivered by electronic means, or one delivered in a lecture (face-to-face) format. Courses that have less structured classroom schedules, studio work, or any other academic work leading to the award of credit hours, at a minimum, should state clearly learning objectives and expected outcomes and workload expectations that meet the standards set forth above.

3. CAMPUS PROCESSES - ACADEMIC CALENDAR

Northeast Mississippi Community College adheres to the Carnegie unit for contact time (750 minutes for each credit awarded). The Executive Vice President, as Chief Academic Officer, chairs the Academic Calendar Committee that prepares and recommends the annual Academic Calendar for approval by the President and Board of Trustees no less than 12 months in advance of the planned academic year. The Academic Calendar must have a minimum of 750 minutes of instruction per credit hour. The standard meeting times for courses are a 75-minute, Monday-Wednesday schedule and a 75-minute, Tuesday-Thursday schedule. For the standard 3-credit hour course, 2,250 minutes of instruction are required. The calendar is planned with a minimum of 30 Monday-Wednesday or Tuesday-Thursday meeting days. The calculation for summer sessions follows this same standard of 750 contact minutes for each unit of credit which means longer class meeting times over the course of the two summer terms.

The official Academic Calendar is maintained on the College's website: In addition, the Academic Calendar is published in the Student Catalog.

4. CAMPUS PROCESSES – CURRICULUM REVIEW

Each instructional division within the College is charged with following the policy on credit hours in their review and approval of all courses and for certifying that the expected student learning for the course meets the credit hour standard. The determination of credit hours is made when a new course or a revision to an existing course is proposed. The submitted syllabus is examined for contact time as well as for assignments and assessments. Instructional division heads are responsible each semester for ensuring the course schedule offerings maintain the credit hour standards.

Annually, the College evaluates at least one instructional division through a formal curriculum review process. Each faculty member in the division evaluates the courses in their respective program of study or programs to ensure the curriculum matches the curriculum articulation agreement between the Mississippi Community College Board and the Mississippi Institutions of Higher Learning.
